EDUCATION

The University of Texas at Austin - Online **Aug 2026 – Feb 2027**
Post Graduate Program in Artificial Intelligence & Machine Learning (PGP-AIML) In Progress
The University of Texas at Dallas - Richardson, TX **Aug 2022 – Aug 2026**
B.S. Medical Neuroscience, Minor in Public Health GPA: 3.7 | Dean's List (Fall 2024)

PRODUCT & MARKETING EXPERIENCE

Penumbra, Inc. (Alameda, CA)
Technical Product Owner, Clinical Education Hub (Contract) **Oct 2026 – Present**

- Own requirements and roadmap for the Hub's company-wide rollout, **aligning marketing, compliance, and IT** on **content ownership**, review, and platform integration; lead the Hub's **phased AI roadmap**, including **semantic search** and a **citation-grounded evidence assistant** that declines when evidence is thin, with **success metrics** for time-to-evidence and citation accuracy.

Neurovascular Product Marketing Intern **Jul 2026 – Sep 2026**

- Reframed an AI-summarization request into a **retrieval and application problem** after interviewing **25+ reps,** running field surveys, auditing the ShowPad library, and joining sales training; found clinical content was accurate but **hard to find and save,** and **poorly matched to how reps learn.**
- Designed and built the **Clinical Education Hub** using **Next.js/React** and AI-assisted development, deployed on **Vercel**, shipping a **searchable multimedia MVP** (clinical summaries, audio, illustrated snapshots, flashcards, and citations) in a 4-day sprint and deferring AI features until the core experience was validated; **earned company-wide rollout:** leadership selected the Hub for **4,000+ sales and marketing employees**, turning the internship project into a **contract product-owner role.**
- Analyzed clinical trial data and co-developed **evidence-based sales messaging** with marketing teams for the launch of **THUNDERBOLT**, a computer-assisted vacuum thrombectomy (CAVT) device; equipped **70 neuro sales reps** with **20 sales enablement assets,** translating **clinical data, R&D technical training,** and **competitive positioning** into **customer-facing value narratives.**

LEADERSHIP & GROWTH MARKETING

Medical City Dallas Adult Volunteer Program – Vice President, Auxiliary Board **May 2025 – May 2026**

- Led operations, recruitment, and outreach for a **200+ member service organization** as **primary liaison** to hospital leadership; grew participation in patient-centered initiatives **~6x (10 to 60+)** through new programs (NICU projects, donation drives, hospital events) and a volunteer newsletter.

Accessible Prosthetics Initiative (UT Dallas) – Communications & Outreach Team Lead **Nov 2023 – Jan 2026**

- Built the nonprofit's digital presence from zero (branded social content, targeted outreach, Canva collateral), driving **5x membership growth (15 to 75+)**; led a **10-person fundraising team** that raised **$2,000+ in 4 months** to fund 3D-printed prosthetics for low-income and uninsured amputees.
- Partnered with disability advocacy groups (Ability Connection, Dallas Amputee Network) and ran **assistive-tech workshops** that fed **user input** into prosthetic design; led **event marketing** at **Abilities Expo 2024.**

End Overdose (UT Dallas) – Marketing Director, Lead Crisis Response Trainer **Aug 2023 – Nov 2024**

- Launched the **first End Overdose chapter in Texas**, aligning brand and messaging with the national organization and running **multichannel campaigns** against overdose misinformation; trained **910+ people** in overdose response, naloxone, and CPR and distributed **918+ naloxone doses**, managing procurement and logistics to scale operations.

RESEARCH

Targeted Neuroplasticity Lab, Texas Biomedical Device Center – Research Assistant **Jan 2023 – Nov 2024**

- Ran **vagus nerve stimulation (VNS)** and urodynamic experiments to restore bladder function after spinal cord injury, tracking response data in **MATLAB** across **60+ animal subjects**; fabricated **stimulation hardware** (nerve cuffs, head caps, cables).

CLINICAL & HEALTHCARE OPERATIONS

ClearSky Rehabilitation Hospital (Flower Mound) – Patient Care Tech (PCT/CNA) **Aug 2025 – Dec 2025**

- Delivered inpatient care; documented patient status for **interdisciplinary teams** under **HIPAA** and **infection-control standards**.

Pain Specialists of Frisco – Front/Back Office Medical Assistant and Scribe **Jun 2024 – Aug 2025**

- Supported a **50+ patient/day** orthopedic and spine clinic across **intake, insurance verification, EMR documentation,** and **imaging** during **interventional procedures**, gaining a ground-level view of patient journeys and provider workflows.

SKILLS

- **AI & Technical:** Python, machine learning (regression, decision trees, ensembles, clustering, neural networks), LLMs and prompt engineering, Claude API and agentic workflows, AI-assisted development, Next.js/React, Git/GitHub, Vercel, MATLAB
- **Product & Marketing:** user research and surveys, problem discovery, MVP scoping, feature prioritization, roadmap planning, success metrics, information architecture, prototyping, cross-functional stakeholder management
- **Marketing:** go-to-market and product launch, sales enablement, technical content translation, value proposition and messaging, competitive intelligence, market and voice-of-customer research, audience segmentation, multichannel campaigns
- **Clinical & Domain:** neurovascular devices, clinical literature and endpoint interpretation, clinical workflows, EMR, HIPAA, EMT-B)
